

GENEE **VISION**[®] Elite

Boardroom and lecture theatre solution

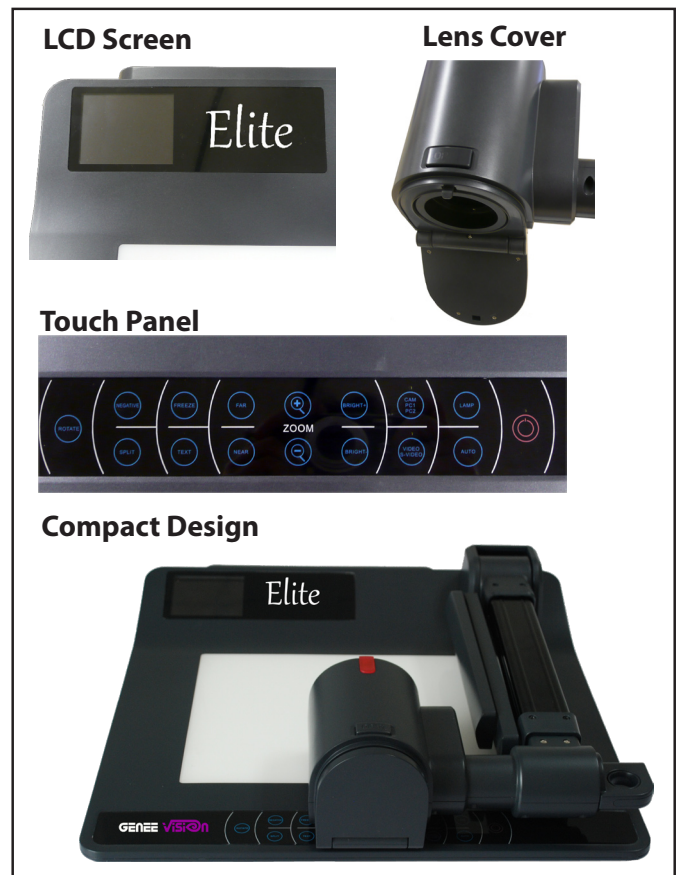

The **NEW** Genee Vision Elite is a high performance desktop visualiser. The **LCD** screen means you don't need to check what's shown on the whiteboard which means you don't need to have your back to the class. The **2 million pixels** give excellent detail when zooming into objects or text.

2 Million Pixels!

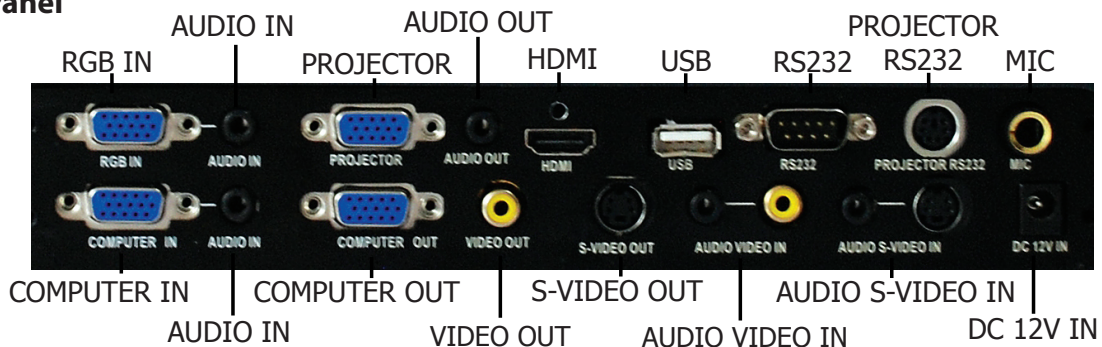

In Built LCD Screen

HDMI Output

- Prepare in advance for presentations, complex charts and grids.
- Quickly and easily create slides from multiple data sources and external systems.
- Manage data in a controlled, organized and protected way.
- Present documents or brain-storm ideas in board meetings, presentations and training.
- Keep meetings lively and interesting and retain audience focus.
- Demonstrate products, applications, features and ideas to large groups of people.
- Save time and money by eliminating high cost of creating and distributing print-outs.

Connection Panel
